New Jersey Stock Car Racer Goes Green, Partners With Extreme Energy Solutions And Extreme Kleaner To Bring Green To Dirt Track Racing

Posted: Jun 23, 2015 3:15 AM EDT

Extreme Energy Solutions has partnered with local New Jersey stock car driver, Ron Constable, and the #49 Team, Froggy Street Stock Racing Team to assist the promotion of the non-toxic biodegradable cleaner-degreaser Extreme Kleaner.

Lafayette, New Jersey (PRWEB) June 23, 2015

Extreme Energy Solutions, Inc. and **Extreme Kleaner** announced their sponsorship of the local stock car owner/driver Ron Constable and the #49 Team Froggy, a local stock car racing team from Lafayette, New Jersey. Team Froggy will be displaying the logo and colors of Extreme Kleaner for the 2015 racing season. Currently Team Froggy competes at the Orange County Fair Speedway, located in Middletown, New York.

Ron Constable, who hails from Lafayette, New Jersey, has been involved in stock car racing since 2003. The 34 year old is a graduate of Sussex County Vo-Tech High School, and works in the field of heating and air conditioning when he is not focused on his racing campaign.

Constable is a feature winner at the historical Orange County Fair Speedway, and has multiple top five and top ten finishes in his career. He is currently fourth in points in his pursuit of his first track championship at his home track known as the "Hard Clay," the 5/8 mile oval which makes up the Orange County Fair Speedway. With the race season at the halfway mark, Constable is just 85 points shy of taking the lead of the points championship. Complete point standings available at <http://www.OrangeCountyFairSpeedway.net>

"I have personally used the product for cleaning up the race car and our tools, and I have to say that Extreme Kleaner is a great product. Before accepting the sponsorship deal, I wanted to make sure the product really worked. To my surprise it is the best product I have used in cleaning the dirt and grime after a night of racing at the dirt track," Constable contributed. "The partnership between Extreme Energy Solutions, Inc., and Team Froggy has been great. I look forward to meeting with fans and clients of the product when on location at promotional events on behalf of Extreme Kleaner. It's a product I am proud to endorse."

Currently Extreme Kleaner is available on the shelves of selected Ace Hardware and True Value Hardware Stores, coast to coast. More hardware stores are adding Extreme Kleaner to their product mix every week. The #49 Extreme Kleaner sponsored Team Froggy race car has been seen on display at a number of these stores including at the True Value of Milford and Dingmans Ferry, Pennsylvania and at the Ace Hardware in Caldwell, New Jersey.

Future promotional events over the next few months include additional displays at Ace Hardware and True Value Hardware stores throughout New Jersey and New York in the months of July and August.

"The people at Extreme Kleaner are good people who care about the community and the environment. I am glad that I can help bring green products to the racing community and beyond," continued Constable.

Extreme Kleaner is a non-toxic biodegradable multi-purpose cleaner-degreaser safe for the majority of surfaces. The product has been certified by the National Sanitation Federation, and the product and company was recently recognized by the Passaic Valley Fraternal Order of Police Lodge #181, naming Extreme Energy Solutions, Inc. 2015 Company of the Year in the Professional area of Environmentally Friendly Energy Products.

"We are proud to have partnered with Ron Constable and the #49 Team Froggy. He is a man that appreciates his fans, and is happy to be available in bringing awareness both on and off the track to not just our products, but the larger issue, which is we all need to be taking steps to help preserve our environment, even if they are small steps," added **Samuel K. Burlum**, CEO and President of Extreme Energy Solutions, Inc., "as a former fellow racer, I can appreciate all the efforts Team Froggy and Ron Constable have made in their racing campaign and we wish them much success in the 2015 season.

"With the success of this campaign, we have other racers and retailers interested in Extreme Kleaner, and will entertain the idea of expanding our motorsports marketing efforts into the 2016

... racing season," Burlum remarked.

Extreme Energy Solutions Inc. and Constable/Team Froggy are in discussions and negotiations to extend their agreement into next season and beyond.

Extreme Energy Solutions, Extreme Kleaner, and Team Froggy provide weekly updates on its social media pages. A listing of all future events, store locations where Extreme Kleaner is sold, and other news information about Extreme Energy Solutions and Extreme Kleaner can be found at <http://www.ExtremeEnergySolutions.net>, and/or <http://www.ExtremeKleaner.com>
